# WASTE TIRE RECYCLING PILOT PROJECT 2016-2017

## OBJECTIVES:

- Recover up to 100,000 tires from areas near the Tijuana River.
- Shred collected waste tires and recycle shredded scraps by selling them to companies that can use them for tire-derived products such as asphalt, light bricks, and other profitable options.
- Create an end-of-project report to help inform CalRecycle's *Waste Tire Strategic Plan* for 2016-2017

Tijuana River Estuary

Tijuana River Floodplain

Smugglers Gulch

Goat Canyon

Laureles

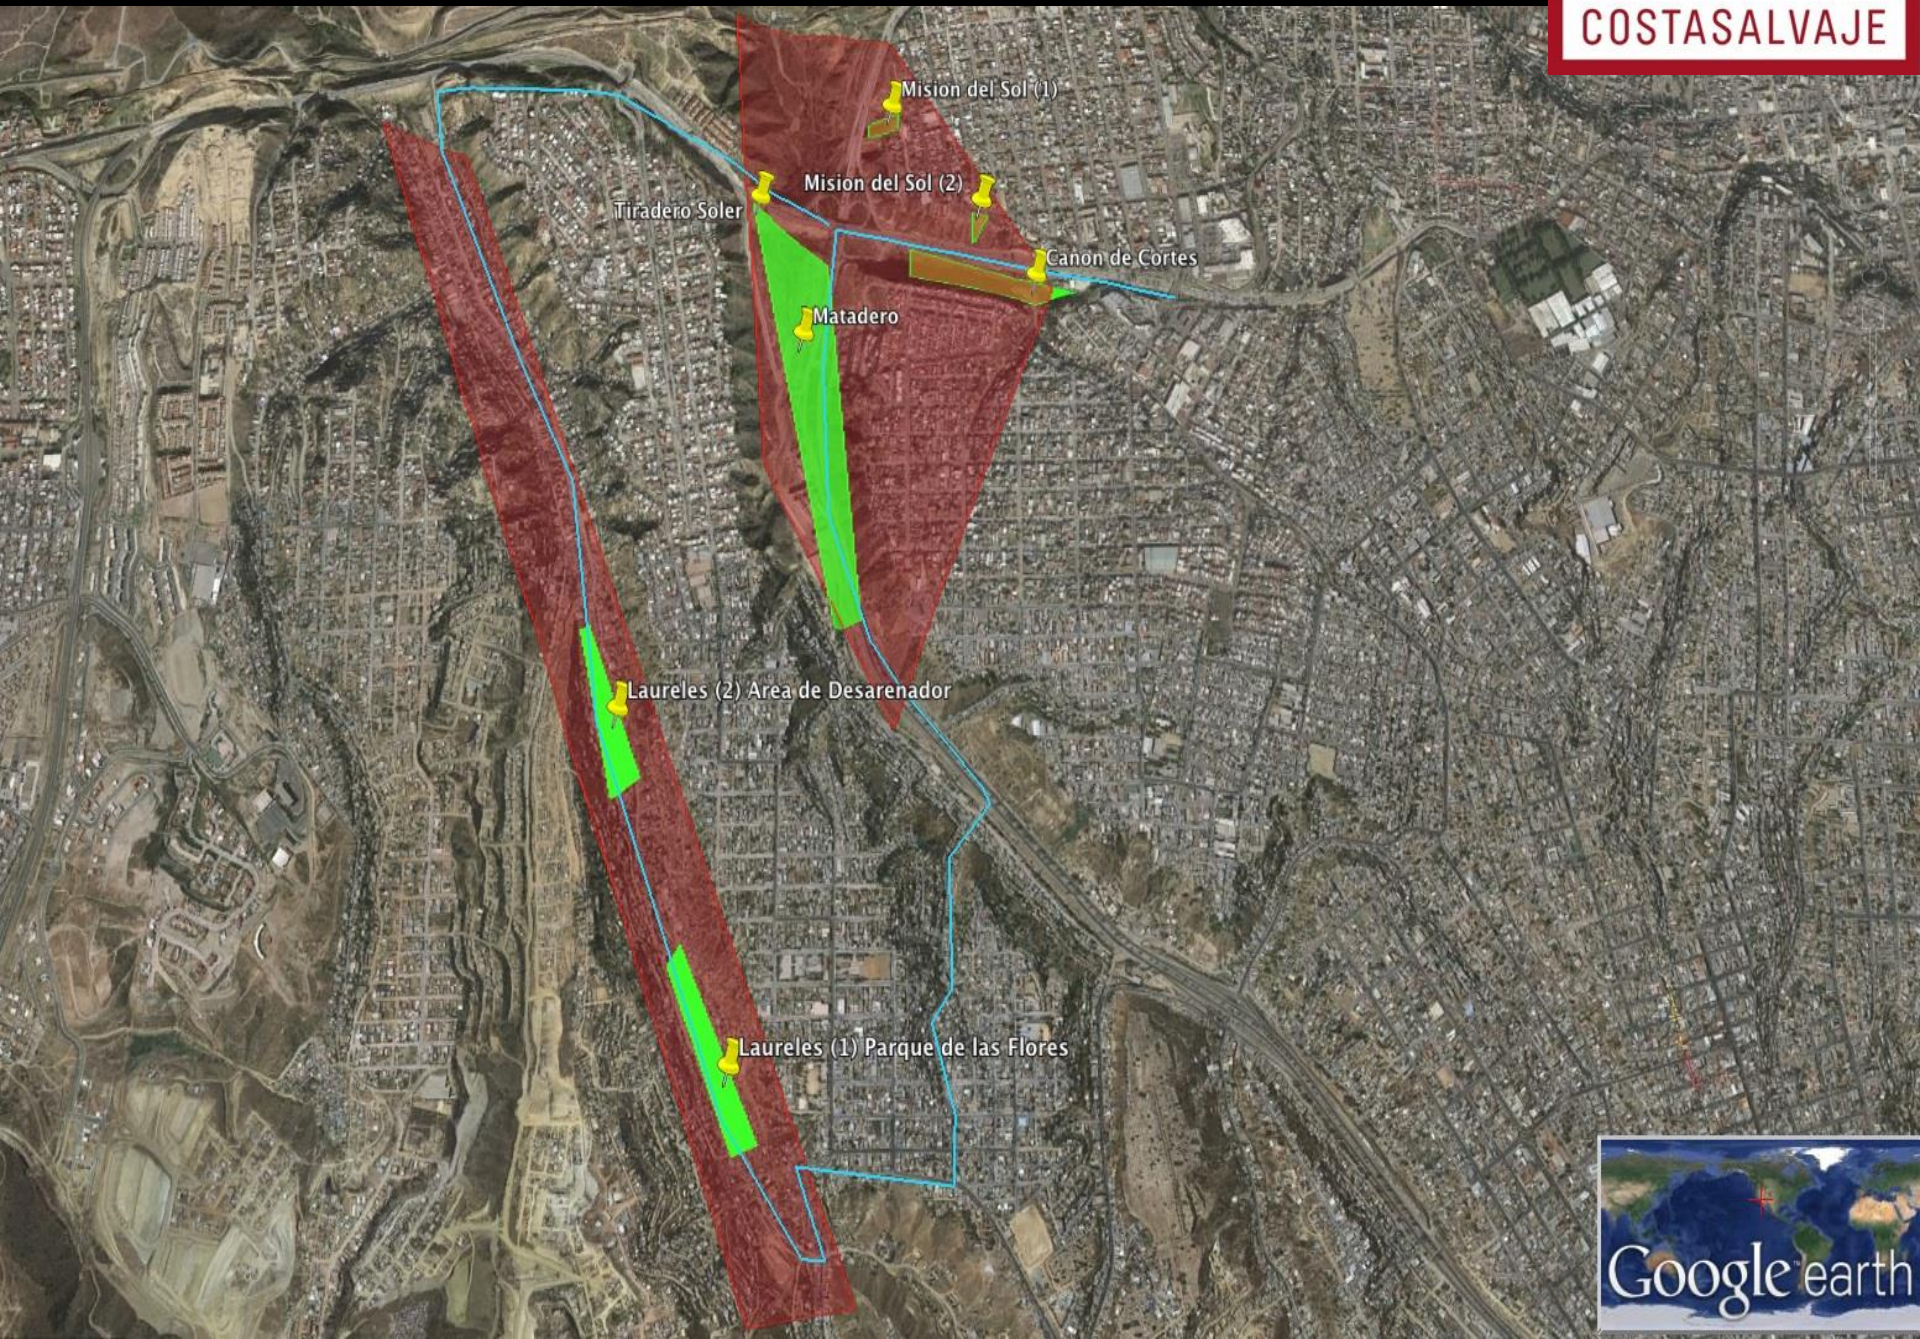

Matadero

Tijuana River Channel

Data SIO, NOAA, U.S. Navy, NGA, GEBCO

**3,150 TIRES COLLECTED IN MAY AND JUNE**
